### ***Emmathon and Jemmathon***

The P&C is conducting an Emmathon and Jemmathon which is a mental mathathon.

Emm stands for Elementary Mental Maths and Jemm stands for Junior Elementary Mental Maths.

Sponsor forms were sent home with children last term. You can choose to sponsor your child for each correct answer they achieve or donate a single amount. The mental maths will be conducted at school by the class teachers on Tuesday 4 August.

A sample question sheet has been sent home with your child. We encourage parents, extended family and friends to support children in their mental maths skills, and in this opportunity to provide resources for the school.
